BAR/BRASSERIE DE WIT

When Klaas van der Valk fell head over heels for her refreshing blue eyes, her enthusiasm and sense of humour, Corry de Wit of Texel became Corry van der Valk of motorway restaurant de Biltsche Hoek. The couple tied the knot in 1951 after which, in 1956, Klaas and Corry had set their sights on the old, dilapidated Biltsche Hoek on the road from Utrecht to Amersfoort. Unfortunately, Klaas van der Valk passed away at the young age of 44, bringing Corry to take over the operations of the hotel. And although the grief of her husband and care of nine children, Corry managed to turn the business into an even bigger success. In May 2017, the family knew a great loss when Corry van der Valk-de Wit passed away at the age of 90. And as a tribute to Corry de Wit, the family has named the Bar of Hotel Groningen-Hoogkerk after her maiden name: de Wit.

RESTAURANT GROEN

Restaurant Groen (Green) is a symbolic name for the beautiful nature that surrounds the hotel. The rapidly developing nature reserve The Onlanden can be found at just a stone throw away from the hotel. This stream valley landscape consists of bushes, hedgerows, wild meadows and moats in which water violets and kingcups blossom. Furthermore, the name Green also refers to fresh, pure and honest ingredients that we strive to use every day. Apart from the name the green elements are further implemented and shown through the interior and house style throughout the hotel. For the real Grunnegers (citizens of Groningen), the green and white is inextricably linked to the city and the football club FC Groningen who proudly wear green and white.
